WHEREAS, on March 13, 2020, I declared the existence of a state public health emergency based on the appearance of the 2019 novel coronavirus known as COVID-19 in the State of Alabama;

WHEREAS that initial proclamation included provisions designed to assist in preventing the spread of COVID-19 and in mitigating the consequences of COVID-19;

WHEREAS, I have issued supplemental proclamations to further address the occurrence of COVID-19 in the State of Alabama on March 18, 20, 23, and 26, April 2, 3, and 13, May 8 and 21, and June 9 of 2020; and

WHEREAS new implications of COVID-19 come to light on a continual basis, requiring flexibility and adaptability by all levels of government within the State of Alabama;

NOW THEREFORE, I, Kay Ivey, Governor of the State of Alabama, pursuant to the relevant provisions of the Alabama Emergency Management Act of 1955, as amended, Ala. Code §§ 31-9-1, et seq., do hereby proclaim the existence of conditions that warrant implementation of additional extraordinary measures and relief during the state public health emergency now in effect in order to guard public health and protect human life. I therefore proclaim and direct all of the following:

I. Extending the statewide “Safer at Home” health order

A. Findings. For the following reasons, I find it necessary to extend the statewide “Safer at Home” health order through an exercise of my powers under the Emergency Management Act.

1. The Emergency Management Act empowers me to take this action because doing so will, among other applicable grounds, “promote and secure the safety and protection of the civilian population.” Ala. Code § 31-9-8(a)(5).

   a. COVID-19 remains a serious public health threat. The best information available confirms that COVID-19 is a highly contagious virus that can cause serious illness or death. It can be especially serious or deadly for people over 65 years of age or people with underlying health conditions. Experts predict that it could take many months to develop an effective vaccine or treatment.

   b. At the same time, the initial measures states took to respond to COVID-19 are not sustainable over the long run. Widescale business closures and stay-at-home orders carry significant costs. They impede business investment and expansion. They reduce tax revenues that fund vital public services. And most importantly, they prevent working people from supporting their families. In many ways, public health can suffer as the economy suffers.

   c. The attached Safer at Home order—which is virtually identical to the Safer at Home order currently in effect—embodies a balanced approach to
promoting and securing our civilian population’s physical and economic well-being. For every sector of our economy, the Safer at Home order allows businesses to resume operation if—but only if—they adopt practices to reduce the spread of COVID-19.

2. Extending the Safer at Home act likely requires action by me under the Emergency Management Act to comply with state-law procedures governing emergencies.

a. The Safer at Home order currently in effect is the eighth amendment to an emergency rule first adopted by the State Health Officer, acting on behalf of the State Board of Health, on March 17, 2020. The legal name of that initial emergency rule was “Order of the State Health Officer Suspending Certain Public Health Gatherings Due to Risk of Infection by COVID-19.” Every amendment of that initial rule, including the current Safer at Home order, has borne the same name.

b. Under the Alabama Administrative Procedure Act, emergency rules “may be effective for a period of not longer than 120 days and shall not be renewable.” Ala. Code § 41-22-5(b)(1). Indeed, the Act specifically prohibits an agency from adopting “the same or substantially similar emergency rule within one calendar year from its first adoption unless the agency clearly establishes it could not reasonably be foreseen during the initial 120-day period that such emergency would continue or would likely reoccur during the next nine months.” Id. § 41-22-5(b)(2).

c. The State Health Officer’s authority to adopt a COVID-19-related health order will arguably expire on July 15, 2020, which is 120 days after March 17, 2020. Because it is reasonably foreseeable that the threat of COVID-19 will continue or will likely reoccur during the nine months following July 15, 2020, the State Health Officer arguably will lack authority under the Administrative Procedure Act (beginning that day) to adopt emergency rules to mitigate the spread of COVID-19.

d. At the same time, the uncertainties of the COVID-19 pandemic will require COVID-19-related rulemaking to be done on an emergency, ad hoc basis for longer than the 120-day emergency period contemplated by the Administrative Procedure Act. The Governor’s powers under the Emergency Management Act allow the flexibility to undertake such rulemaking for as long as a declared state public health emergency is in effect.

B. Extension of the Safer at Home order. For the foregoing reasons, I hereby extend the current Safer at Home health order by incorporating the attached “Order of the State Health Officer Suspending Certain Public Health Gatherings Due to Risk of Infection by COVID-19” signed today by the State Health Officer into this proclamation as if set forth herein. Further, I specifically promulgate that order as an order, rule, or regulation under the applicable provisions of the Emergency Management Act. See, e.g., Ala. Code §§ 31-9-6(1) & 31-9-13. The law-enforcing authorities of the state shall enforce that order as any other order, rule, or regulation promulgated by the Governor under that Act, see id. § 31-9-14, and the penalty for violating it shall be a fine of not more than $500 or imprisonment in the county jail as set forth in the Act, see, e.g., id. § 31-9-22.

FURTHER, to the extent a provision in this supplemental proclamation conflicts with any provision of state law, that law is hereby suspended for the duration of this state of emergency, and this proclamation shall control.
FURTHER, I declare that this proclamation and all subsequent orders, laws, rules, or regulations issued pursuant hereto shall remain in full force and effect for the duration of the public health emergency unless rescinded or extended by proclamation.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal to be affixed by the Secretary of State at the State Capitol in the City of Montgomery on this 30th of June, 2020.

Any person quarantined pursuant to this provision shall not leave their place of residence for any reason other than to seek necessary medical treatment. Any person requiring assistance while under quarantine may contact Alabama Voluntary Organizations Active in Disaster, [http://alvoad.communityos.org/cms](http://alvoad.communityos.org/cms). While under quarantine, the person shall take precautions as directed by his or her health care provider or the Alabama Department of Public Health to prevent the spread of the disease to others.

17. **Medical procedures.** Effective April 30, 2020, at 5:00 P.M., dental, medical, or surgical procedures may proceed unless the State Health Officer or his designee determines that performing such procedures, or any category of them (whether statewide or regionally), would unacceptably reduce access to personal protective equipment or other resources necessary to diagnose and treat COVID-19. Providers performing these procedures shall follow all applicable COVID-19-related rules adopted by a state regulatory board or by the Alabama Department of Public Health. In the absence of such rules, providers should take reasonable steps to comply with applicable COVID-19-related guidelines from the Centers for Medicare and Medicaid Services (CMS) and the CDC, including “Re-opening Facilities to Provide Non-emergent Non-COVID-19 Healthcare: Phase I” from CMS, available at [https://www.cms.gov/files/document/covid-flexibility-reopen-essential-non-covid-services.pdf](https://www.cms.gov/files/document/covid-flexibility-reopen-essential-non-covid-services.pdf), and “Infection Control Guidance for Healthcare Professionals about Coronavirus (COVID-19)” from the CDC, available at [https://www.cdc.gov/coronavirus/2019-ncov/hcp/infection-control.html](https://www.cdc.gov/coronavirus/2019-ncov/hcp/infection-control.html).
18. **Restaurants and similar establishments.** Effective May 11, 2020, all restaurants, bars, breweries, or similar establishments shall operate as follows:

b. Such establishments are strongly encouraged to offer online ordering and curbside pick-up of food.

c. Hospital food service areas are excluded from this order provided they have their own social distancing plan.

d. Insofar as such establishments offer on-premises consumption of food or drink, they shall limit the party size at tables to no more than eight persons and maintain at least six feet of separation between people seated at different tables, booths, chairs, or stools. Games played at restaurants, bars, breweries, or similar establishments, such as pool and darts, may be played if players maintain 6 feet of distance from other players, game equipment is not shared by players during game play, and equipment is sanitized in between uses.

e. Each employee shall wear a mask or other facial covering that covers his or her nostrils and mouth at all times while in regular interaction with patrons or guests.

f. Such establishments shall disallow self-service by guests at drink stations, buffets, or salad bars.

19. **Duration.** This Order shall remain in full force and effect until 5:00 P.M. on July 31, 2020. Prior to 5:00 P.M. on July 31, 2020, a determination shall be made whether to extend this Order—or, if circumstances permit, to change this Order.

This Order also supersedes and preempts all orders previously issued by the Jefferson and Mobile County Health Officers concerning COVID-19 mitigation measures, and this Order shall remain in full force and effect until rescinded or modified by order of the State Health Officer or its expiration. After the date this order is issued, the Jefferson and Mobile County Health Officers are authorized, after approval by the State Health Officer, to implement more stringent measures as local circumstances require.
This Order also supersedes and preempts any county and municipal orders or ordinances, whenever adopted, that purport to impose less stringent COVID-19-related curfew or quarantine measures.

Done on this 30th day of June, 2020.
